Rebates

Different energy companies offer rebates in different amounts. However, most all of them do offer rebates on new energy efficient equipment. Please give us a call to see what rebates are available to you. We do the paperwork for you.

Tax Credits

The tax credits available right now are complete for the most part but still being finalized. Please click on the link below. It will take you to the EnergyStar website. They are keeping things up to date with the most current information.

www.energystar.gov/taxcredits

General Information

Residential – increasing energy efficiency of the home- one-time tax credit up to \$1500

Geo-thermal – Up to 30% tax credit on qualifying equipment
